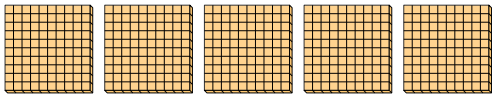
Identifizieren der Menge mit 100 Blöcken

Name:

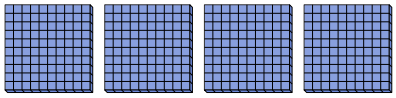
Verwenden Sie die Blöcke, um die Gesamtmengen zu bestimmen.

Bsp)



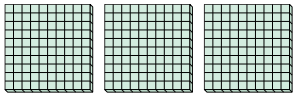
5 hunderten = 50 zehnern = 500 einern

1)



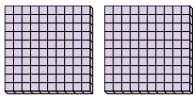
____ hunderten = ____ zehnern = ____ einern

2)



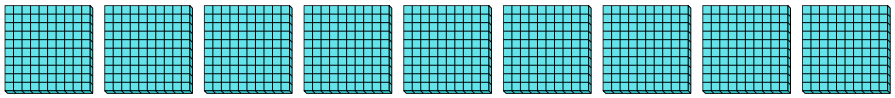
____ hunderten = ____ zehnern = ____ einern

3)



____ hunderten = ____ zehnern = ____ einern

4)

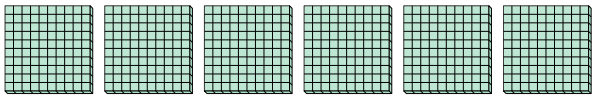


____ hunderten = ____ zehnern = ____ einern

5)

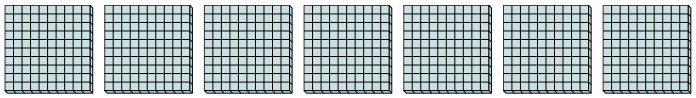
____ hunderten = ____ zehnern = ____ einern

6)



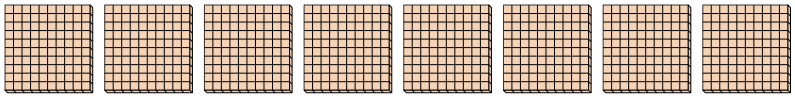
____ hunderten = ____ zehnern = ____ einern

7)



____ hunderten = ____ zehnern = ____ einern

8)



____ hunderten = ____ zehnern = ____ einern
